DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2 and 6 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U.S. Patent No. 6,028,924 (Ram et al.).

With respect to claims 1 and 6, note Abstract, Col. 2, line 5 – Col. 3, line 14 and Col. 5, line 63 – Col. 7, line 23 and Figs.

With respect to claim 2, such a limitation is inherent.

Allowable Subject Matter

Claims 3 – 5 and 7 – 8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed 01/23/04 have been fully considered but are not deemed persuasive to any error in the rejection above.

Applicants first argue (page 5, paragraph 2) that the examiner does not point to an HL-SCP or an LL-SCP. However, applicants Fig. 1 (prior art) and its description show that these elements are inherent. In addition, Applicants negate this argument in the next or third paragraph.

Art Unit: 2642

Applicants then argue, "Although the MRU 36 interacts with calls under the control of SCU 34, it is not identified by the SUC 34. Instead, it sends an MRU event notification to the SCU 34 to request for control signals." If the MRU sends an MRU event notification to the SCU, the SCU would have to where the MRU notification is coming from.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
